Aesop's Fables

1. **E.g.** The Fox wants to have some fun and play a trick on the Stork.
2. **E.g.** Because he has a calm personality and doesn't see the point of getting angry.
3. **E.g.** He treats the Fox in the same way that the Fox treated him. By serving him dinner in a jar that only the Stork can eat from, the Stork shows the Fox that his behaviour was unacceptable.
4. **E.g.** Cunning. The Fox is being sly because he's thinking of a plan to take the cheese from the Crow so that he can eat it himself.
5. **E.g.** Because the Fox is saying nice things to her, so she starts to trust and believe him.
6. **E.g.** Don't always trust people who say nice things to you.
7. **E.g.** Foxes are known for being sly and cunning creatures, and in both fables, the Fox's character does sly and cunning things.
