

Owl Class News and Homework: w/c 05.09.16 – Reception

To be handed in on

Maths: This week we have been learning recognise, order and form our numbers to 10 using lots of different resources.

English: We have been learning to recognise letters from our name by hunting for them in the sand we also wrote down key words about our summer picture book, Duck in the Truck. Finally, we all had a go at writing about our summer holidays, we drew pictures and shared our work with the rest of the class.

Topic: As you may already know, our class topic this term is Farms and Harvest. We have a Farm Shop role-play area in the classroom which all of us have enjoyed playing in. We have been taking it in turns to be customers and shopkeepers, exchanging money for real fruit and veg, writing shopping lists, ticking off stock and organising our small world farm.

This week we have been learning about the different animals you can find on a farm. As lots of you are so lucky to live close by, or even **on** a farm, we have heard great stories and information all about the day to day running of farm life, which has been fantastic! Throughout the week, we shared farm picture books, painted tractor pictures and made paper plate farm animals using lots of different collage materials.

Unrelated to our topic, we have been track making outside with guttering and crates, making delicious mud pies, painted our portraits, made waterfalls and wrote and decorated name labels for our 'We our Owls' display, please feel free to come and have a look.

Homework Tasks

Maths GCP Book Task Pages:

Pupil feedback	Parent feedback	Teacher feedback
