

### **Homework Tasks (Woodpecker Class):**

- **Computing:** This term, we have been learning about image editing using online software (Pixlr.com) to adjust colour, light, contrast and exposure to improve images, and to add labels and image layers. For homework this week, can you take your own interesting wildlife photo and edit it using the skills you have learned? (With parent's permission, look at the Natural History Museum's 'Wildlife Photographer of the Year' online for inspiration.) You may take many images, but please select your favourite edited photo to submit into our Woodpecker Class Wildlife Photo competition! Please submit your entry by emailing your photo to the school office. I look forward to seeing your work 😊

***Please ensure your completed homework books are handed in at school on  
Wednesday 19<sup>th</sup> April.***

- **Multiplication Facts:** A test of a variety of multiplication facts will take place every **Thursday**. Please practise all facts up to 12 x 12.
- **Reading:** You are expected to do **at least 20 minutes** of independent reading at home, **every day**. *Please remember to log all new books read – both those at home and at school – in our class reading log as there are no home reading records in Woodpecker Class.*
